

Support threon in our challenge: 173 km in 24 hours to benefit De Warmste Week!

Rung along or sponsor!

Threon takes on the challenge! **On 22 and 23 December 2024**, we will set an extraordinary feat: **running 173 kilometres in just 24 hours!** With this effort, we are not only pushing our limits, but also making a statement about teamwork, perseverance and supporting good causes. To make this possible, we invite you to be part of our adventure, as a runner or sponsor.

Why support threon?

All our efforts go to charity! We sponsor both De Warmste Week and the Triple Challenge organisation, a non-profit dedicated to making sports more inclusive. Throughout the entire course, threon-toppers push an adjusted wheelchair with someone who otherwise cannot enjoy this sports challenge. **For every kilometre run, we will sponsor €5 per person to De Warmste Week.** To make this adventure a success, we need your help!

How can you help?

Run along!

The Ultra Marathon consists of 17 stages **with distances for all levels, from 4 to 15 kilometres, for which we are still looking for additional runners.** Decide yourself which stage(s) you want to run with threon and for every kilometre threon will donate €5 to The Warmest Week.

Click here to register for one (or more) stage(s):

Support our runners!

You can also support us in this challenge by sponsoring the runners. You can sponsor an individual runner by transferring to our charity account, or support the entire challenge with one of our sponsorship packages. All proceeds will go entirely to De Warmste Week!

Would you like to run or sponsor? We would love to hear from you before December 13th.

With sporty greetings,
threon
